

## From The Principal..

### SAPSASA

Congratulations to Mitchell Knight and Mileta Turner who have both been selected to represent Port Pirie in Soccer and Hockey respectively this year. They will each be spending a week in Adelaide competing in the Annual SAPSASA Carnivals later this term.

### FAMILY BREAK UP

When a family breaks up it is hard for everyone, especially children.

Children need the love and support of both parents as they adjust to the changes.

In families where there is a high level of conflict and animosity between parents, children are at a greater risk of developing emotional, social and behavioural problems as well as difficulties with concentration and educational achievement.

Frequent conflict or fighting between parents/partners also has a negative impact as children sense of safety and security.

It is important that they feel safe.

Fighting and tension between parents and ex-partners causes children the most stress in a breakup. It is NOT helpful when:

- You involve the children in the conflict between parents and partners
- You ask children carry hostile messages to the other parents
- Put down the other parent in front of children

How can you help children to cope?

- Make sure that they know they are loved
- Keep things as predictable and consistent as possible
- **Let staff know what's happening so they can support your child**
- Work out how both parents can attend things like school events and sports days
- Introduce a new partner slowly, especially if children are still sad about the loss of their family
- Listen to what they want, but adults make the big decisions
- Encourage children to talk with someone they trust who is not part of what is happening

Geoff
