

AIRDALE PRIMARY SCHOOL

Mobile Phone Policy

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Students' personal devices, which are brought to school, are to be stored on silent in either of the following:

- in the student's school bag
- kept on or with the student

The school will provide secure storage for personal devices should a parent not want the device kept on or with their child, however, this will be provided at the owner's risk.

If the student does not comply

Students who access their mobile phone during school hours will be directed to do the following:

- report to the Front Office to hand in their phone for secure storage
- collect their phone at the end of the school day

If a student fails to comply with the policy, on a regular basis, a letter will be sent home informing parents/caregivers that any further breaches will result in them being required to collect the device.

Roles and responsibilities

School staff

Students

- Comply with the requirements of the school's policy and follow all reasonable directions from the Principal and school staff.
- If permitted to use a mobile phone or personal device in line with an exemption under this policy, do so in a safe, responsible and respectful way and support peers to do the same.
- Communicate respectfully with others and do not use a mobile phone or other personal device to bully, harass or threaten another person.
- Respect others' rights to privacy and do not take photos, film or audio records of other people without their knowledge or permission.

Parents

- Support the implementation of the school's policy, including the consequences for non-compliance with the policy.
- Use the school's formal communication channels in all instances to communicate with the school (including where a student requires early collection from school). Encourage their child to always report to a school staff member in the first instance if they become unwell or experience an issue at school.
- Recognise the important role they play in supporting their child to use their mobile phone (or other personal device) in a safe, responsible and respectful way.
